Each year, Hawken School provides approximately 3 million dollars in grant-based financial assistance, with the majority of assistance going to Middle and Upper School Families. Hawken uses nationally accepted calculations provided by the School and Student Services for Financial Aid in assessing demonstrated need. To begin the application process for financial assistance, this form should be submitted to the Office of Admission and Financial Aid as soon as the decision to apply to Hawken is made, but no later than January 15. Upon receipt of this form, Hawken will send detailed instructions and timelines for the financial assistance process. Financial Assistance awards will only be determined when both an admissions decision and financial assistance application are complete. Hawken will not base a financial award on incomplete information, and reserves the right to request additional factual information or clarification at any time.
